

SafeGuard Pro™

Volunteer Screening Program

Details:

SafeGuard-Pro™ combines multiple, powerful solutions into one unique search. **SafeGuard-Pro™** uncovers names, addresses and dates of birth as well as known aliases including maiden names as revealed by our **FACT™** search.

All discovered name variations are then automatically searched through our **National Criminal Information Scan™** high speed, multi-jurisdictional data repository, including **OffenderScan™** sex offender screening and **Sentinel™** terrorist watch list searches.

Using unique, proprietary similarity and probability scoring methodologies, **SafeGuard-Pro™** easily overcomes obstacles such as misspellings, punctuation, transposition and outright applicant fraud.
